

4G LTE Broadband Router with Voice

Powerful all-in-one solution for fast, easy Internet and phone connectivity

With the Verizon 4G LTE Broadband Router with Voice by Novatel Wireless, you can make calls on your home phone and access high-speed Internet on 10 Wi-Fi and 3 Ethernet devices, simultaneously. There's no need for a separate landline. It's the perfect all-in-one solution for voice and data in your home, small office, remote work station and even a vacation destination*.

Leveraging the MiFi® platform's industry leading ease of use, reliability and security, the MiFi Powered 4G LTE Broadband Router with Voice makes it easy to stay connected.

GET CONNECTED IN MINUTES

Just plug in, connect your phone and make calls. Connecting wired and wireless devices is a snap. You can do it yourself—no professional installation required. Set up this small, sleek, portable router in the kitchen, your office, the bedroom, and even take it with you when you travel.

KEEP YOUR PHONE...LOSE THE LANDLINE

Enjoy clear local and long distance telephone service with caller ID, call forwarding, call waiting, call holding, three-way calling, TTY-TTD, voicemail and E911. Plug in your corded or cordless phone. Use your own home phone number or set up a new one.

ACCESS LIGHTNING FAST 4G LTE INTERNET ON YOUR DEVICES

Need fast Internet, even in remote areas where broadband DSL or cable modem service isn't available? No problem. Wirelessly connect up to 10 Wi-Fi enabled devices including laptops, computers, tablets, eReaders, gaming consoles, smartphones, music players, printers and more. Connect up to 3 wired devices like network storage drives, computers, printers and routers via Ethernet.

SEE SIGNAL STRENGTH, PASSWORDS, DATA USAGE AND MORE ON THE TOUCH-KEY NAVIGATION SCREEN

The 4G LTE Broadband Router with Voice's user friendly touch-key navigation screen puts the information you need right at your fingertips. See voice and data signal strength, data usage, number of new voice mails, connected devices, backup battery life, network name, passwords and more directly on the device.

KEEP AN EYE ON DATA USAGE

Real time data reporting makes it easy to stay within your data plan and avoid costly overages. You can check your data usage and billing cycle right on the display.

MAINTAIN YOUR ABILITY TO MAKE CALLS DURING POWER OUTAGES

The 4G LTE Broadband Router with Voice's backup battery provides 4 hours talk time and 33 hours standby**.

CONNECT WITH CONFIDENCE

The latest, most advanced security features including Wi-Fi Protected Setup, NAT Firewall, VPN pass-through, and a security-hardened web interface with anti-spoofing and secure passwords keep your data safe.

* Voice and/or data plan required. Coverage subject to network availability. Visit verizonwireless.com for details.

** Battery life may vary. To maximize phone time, Internet connectivity is not available in backup battery mode.
